GO	451	12.7	3.73%
Total	96216	12.4	7.84%

Delivery Problem

MA has the highest late delivery rate at 23.65%, nearly 3x national average of 7.84%. Northern and remote states consistently underperform on delivery timelines.

Category Opportunity

Health beauty and watches Gifts are the top revenue categories at \$1.5m and \$1.3m. However, office furniture shows the longest average delivery time at 20.9 days.

Top Performer

SP state drives the highest order volume at 68,635 orders with only 8.47% late rate proving high volume and good delivery performance can coexist.
